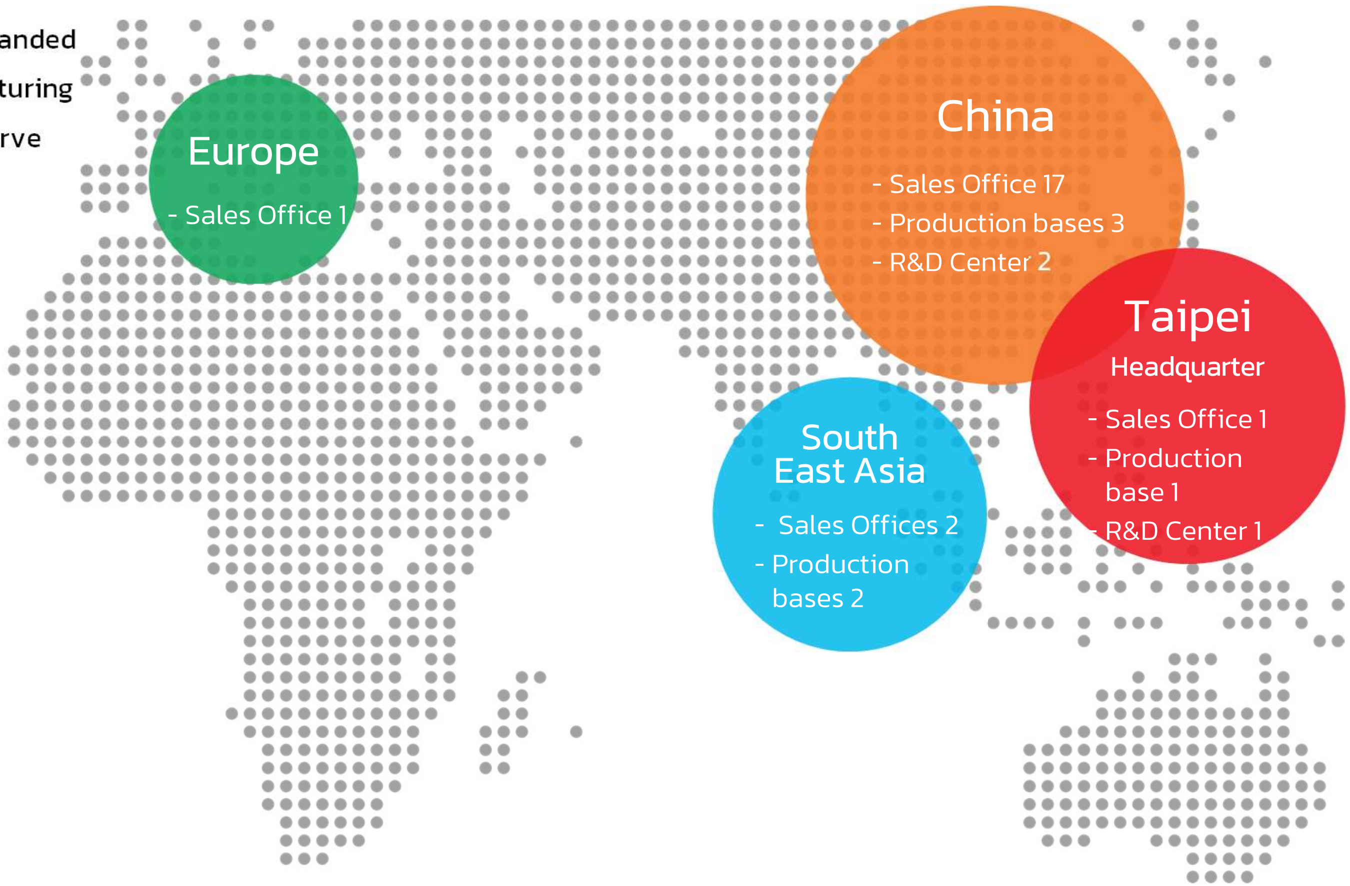
2,500+ Employees



Advanced Vehicle Solutions

High Voltage Connector Solutions

New Energy / Electric Vehicles (EV)

High Frequency Data Connector Solutions

Advanced Driver Assistance Systems (ADAS)
In-Vehicle Infotainment Systems (IVI)

Wiring Harness Solutions

Complete Vehicle Wiring Harness Design and Assembly.
(Low-Voltage, High-Voltage, and High-Frequency Harnesses)

Customized Co-Development Solutions

Automotive PCB Connectors
Miniaturized and Hybrid Connectors
Smart Power Distribution Boxes

Main Product Offerings

HULANE has developed thousands of products, delivering a wide and diverse range of solutions, while staying closely aligned with industry trends and customer needs to foster innovation and agility.

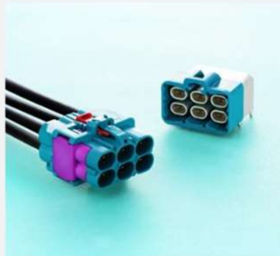
Low Voltage Connectors

- Wire-to-Wire
- Wire-to-Board
- Wire range 0.50~17.70 mm²

High Voltage Connectors

- Voltage Range: 600V~1000V
- Current Capacity: 32A~280A

High Frequency Connectors



- FAKRA
- Mini FAKRA
- HSD
- Ethernet (100M / 1G / 10G)

Header Connectors

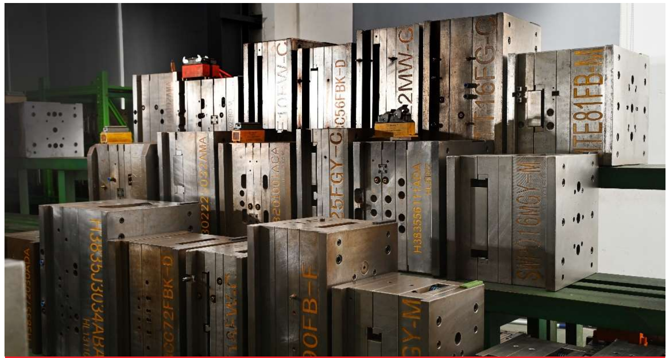
- Wire-to-Board
- Customization
- Miniaturization

Fuse Boxes / Junction Boxes

- Hardwired Type
- PCB Type
- Smart Type

Core Competencies

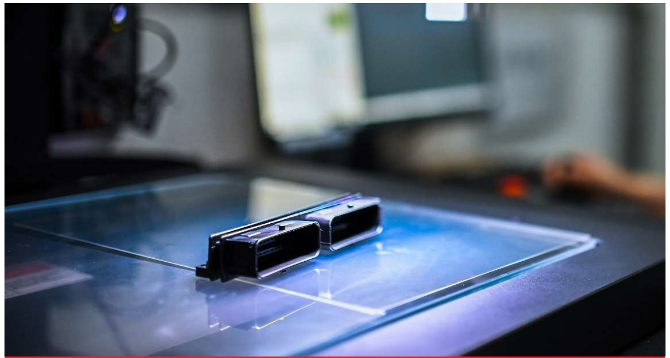
Leveraging years of industry experience and technical expertise, HULANE provide comprehensive support from product conceptualization to mass production, ensuring exceptional quality.



Mold Design and Development

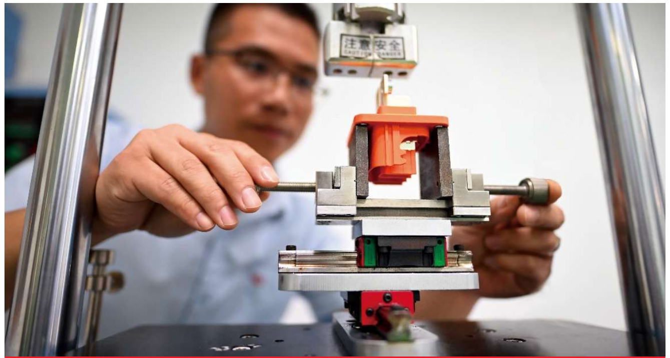
With a database of over 8,000 molds, we rapidly respond to customer design requirements, significantly improving product development efficiency.

In 2025, we aim to develop over 500 molds, further enhancing our manufacturing capabilities



Testing and Validation

Our in-house laboratories, compliant with national and international standards, cover 95% of the tests required for automotive and motorcycle product certifications, ensuring reliable and consistent performance.



Quality Assurance

Through AOI (Automated Optical Inspection) systems, we perform 100% inspection of production lines, enhancing quality control efficiency and precision.

Global Tier-1

We view our customers' success as our own. We have worked with over 2,500 customers, including renowned brands in the automotive, new energy vehicle, and component sectors.

LEAR CORPORATION
MAGNA
LEONI
APTIV
BOSCH
MARELLI
YAZAKI
Continental
Amphenol

Global OEMs

We view our customers' success as our own. We have worked with over 2,500 customers, including renowned brands in the automotive, new energy vehicle, and component sectors.

Sustainable Development

HULANE is actively advancing sustainability initiatives across three key dimensions — product design, production processes, and supply chain management — with the goal of minimizing environmental impact.

Product Carbon Emissions Management

- Establish a comprehensive environmental management system
- Conduct product-level carbon footprint assessments
- Implement systematic TCFD-aligned climate risk evaluations

Eco-Friendly Manufacturing Processes

- Achieve a 10% reduction in carbon emission intensity by 2025
- Maintain an annual 6% reduction from 2026 through 2027
- Accelerate low-carbon transformation, targeting green energy usage to comprise at least 10% of total energy consumption

Building a Sustainable Supply Chain

- Develop and implement a supplier sustainability evaluation and management platform
- Strengthen supply chain risk management practices

1Q25 Consolidated Statements of Comprehensive Income

In NTD thousands	2025 Q1	2024 Q4	QoQ	2024 Q1	YoY
